

Brian N. Shaffer is the Senior Staff Geologist for Pennsylvania Services Corporation, an affiliate of Alpha Natural Resources (formerly Foundation Coal Company). Mr. Shaffer is responsible for all exploration activities, geologic data acquisition, and geologic modeling for Foundation Coal's Emerald Mine No. 1 and Cumberland Mine in western Pennsylvania. Mr. Shaffer has been employed by Foundation Coal since 1989. He graduated from Juniata College in 1988 with a B.S. in Geology and from West Virginia University in 1992 with a M.S. in Geology. He is a registered professional geologist and a certified mine examiner in the Commonwealth of Pennsylvania. In addition to serving on the Board of Directors for the Pittsburgh Section on SME, Mr. Shaffer is a member of the Geological Society of America (GSA) and the American Association of Petroleum Geologists (AAPG). Mr. Shaffer is also a part-time instructor for Waynesburg College, teaching earth science classes.
