Title: Senior Hydrogeologist

Heather Trexler is the current President of the Pittsburgh Coal Mining Institute of America and Secretary for the Pittsburgh section of the Society for Mining, Metallurgy and Exploration, Inc. She is also a licensed professional geologist in the Commonwealth of Pennsylvania. Heather graduated from the University of Cincinnati in 2001 with a B.S. in Geology and graduated from West Virginia University in 2003 with a M.S. in Geology.

Heather has recently joined UniversalPegasus International to focus on assisting the oil and gas industry with hydrologic and environmental issues. Heather was previously with Moody and Associates, Inc. where she performed various technical and management duties on a variety of mining, oil and gas and groundwater supply development projects. She has prepared numerous technical reports and permits to state agencies in WV, PA and OH along with federal agencies. Her work has also included developing and implementing work plans for hydrogeologic investigations, along with evaluating potential impacts to water resources due to mining activities.
